

IN THE SPECIFICATION

Please amend the specification as follows:

Please replace the paragraph beginning at page 1, line 10, with the following rewritten paragraph as follows:

-- The common criteria for security evaluation (hereinafter referred to as CC) internationally standardized as stipulates the basic functional requirements for security, the assurance requirements for the functional quality and seven stages of evaluation assurance levels necessary for an information system or a product. --

Page 2, line 26, delete "SUMMARY OF THE INVENTION".

Page 4, line 1, insert -- SUMMARY OF THE INVENTION --.
